ENCLOSURE C (CONT'D)

LEGEND

50X1

[redacted] this sketch is only an approximation and not nearly so accurate as the pinpoint location and [redacted] sketch of the airfield. 50X1

- Point # 1. Billets for Soldiers: three-story with attic, gray, brick, with red tile, gable roof. The first floor had a canteen. [redacted] 50X1
2. Billets for Soldiers: similar to the other billets / Point 1 / but no canteen.
3. Entrance to Caserne Area: guarded constantly by armed guard.
4. Airfield Administration Building: a building similar to the billets / Point 1 /. The first floor had a guard room.
5. Road: concrete, five meters wide, in good condition, led to Prostějov. Old cherry trees and drainage ditches were on both sides.
6. Barracks: for student pilots, building similar to the billets / Point 1 /. The first floor had a Link Trainer.
7. Drill Field: crushed rock; surrounded by trees.
8. Barracks: for student pilots. The building was similar to the other barracks / Point 6 /.
9. Building: looked like the other buildings / as Point 1 /, [redacted] 50X1
10. Stone Wall: approximately 2½ m. high.
11. Officers' Area: contained large brick homes.
12. Ground School Building: same constructional details as billets / Point 1 /. It contained classrooms.
13. Recreational Building: one-story, brick, contained gymnasium and theater. The theater was on the east side of the building.
14. Hospital: similar to other buildings / as Point 1 /.
15. Garage and Repair Shops: for trucks and cars; one-story, brick, with level roof.
16. Family Quarters for Officers: two-story, gray brick, with gabled roof.
17. Entrance: for vehicles only. It was guarded at all times.
18. Mess Hall: for enlisted men and student pilots. Student pilots ate in the northern half; enlisted men ate in the southern half. Two stories, gray brick, gabled roof. The second floor served as the personnel equipment issue room and storage area for student pilots.
